Herman Billik Will Not Pay Extreme Penalty.

GOES TO PRISON FOR LIFE

Alleged Slayer of Mary Vrzal Granted Commutation of Sentence by the Governor of Illinois-Action Taken on Recommendation of the State Board of Pardons-Brother of Victim Recanted Important Testimony.

Springfield, Ill., Jan. 23 .- Governor Charles S. Deneen has commuted to life imprisonment the sentence of death which had been pronounced on Herman Billik of Chicago, who was condemned to hang for the murder of Mary Vrzal, whom he poisoned, with other members of the family, it was charged.

The commutation is made on recommendation of the state board of pardons after the supreme court had rerecord showed no reversible error, and affirming the judgment of the criminal court of Cook county. The state board of pardons in making the recommendations to Governor Deneen for commutation of sentence, says that after the final action of the supreme court Jerry Vrzal, brother of Mary Vrzal, and one of the principal witnesses for the state at the trial of Billik, appeared before the state board of pardons at the hearing of the petition for Billik's pardon and swore that all his testimony at the trial against Billik was false, except as to some unimportant facts.

The state board of pardons is of the opinion that owing to the statement of the jurors that they were influenced to inflict the death penalty by the testimony of Jerry Vrzal as to certain facts, which were not testified to by other witnesses, the jury would not have inflicted the death penalty if Jerry Vrzal's testimony had been afterward.

The trial judge, in a communication to the state board of pardons, recommends commutation of the sentence, saying that the enforcement of the death penalty, under the circumstances of Jerry Vrzal recanting his testimony at the trial, would not, in his judgment, meet with general ap-

During the last miles of the race he limped around the tan bark track and appeared more than willing to quit. Boston, Jan. 23 .- An important meeting of the independent telephone interests is that of the conference committee of the independent telephone companies, scheduled for today. This committee is made up of officials of the independent companies of the country, representing directly and indirectly an invested capital of more than \$400,000,000.

The conference committee's membership represents the country as far west as Nebraska, as far south as the gulf and as far north as Minnesota. The independent telephone organ-

izations comprise 12,000 separate companies, large and small, with about 500,000 security holders. The companies are said to give service through 20,000 exchanges.

Refuses to Grant Reprieve.

Trenton, N. J., Jan. 23.-Governor Fort has refused to grant a reprieve in the case of Archibald Herron, under sentence to be electrocuted at the New Jersey state prison next week for the killing of Samuel Prickett at Metuchin some months ago. The governor in refusing the reprieve said that the plea of insanity offered in Herron's behalf had already been passed upon by the court of errors and appeals. There seems now to be nothing to interfere with Herron's electrocution.

WEEKLY REVIEW OF TRADE

Rather More Confidence in Placing Orders for Spring.

New York, Jan. 23 .- Bradstreet's review of trade says trade is expanding slowly but steadily, wholesale and fobbing lines noting some good orders for immediate delivery and rather more confidence in placing orders for spring. Conservatism is, however, noted in many sections. In the leading industries the tendency is still toward gradual resumption, but in few cases is the output up to a good normal. Uncertainty as to tariff changes is still widely mentioned as a bar to fullest activities, this being notable, especially, in iron and steel, where present demand is below expectations, and in some lines of tex tiles. Reports from the railways are of an increased merchandise traffic Northwest and Southwest, but this is to a certain extent offset by restricted movement of grain to market. In woolen goods fair activity is noted in overcoatings for next fall and winter,

Leland, who held a policy for \$2,000 in Co. the Modern Samaritans, died and the society refused to pay the widow upon the grounds that Leland's dues were in arrears at the time of his demise. The jury upheld the contention of the society by deciding that the widow was not entitled to the insurance money.

THE supreme court has handed down E. Smith. a decision holding that clubs or societies maintaining buffets for the sale of liquors to members only are subject to the same license as saloons. This decision will affect many clubs in this state, 93 in the twin cities alone, and if they continue in business they must come under the saloon regulations and pay the \$500 or \$1000 license as the case may be. The decision seems just, as the average man cannot see why a club should have the privilege of selling liquor without a license any more than an individual.

Furious Storm in Utah.

Salt Lake City, Jan. 23 .- A furious storm has raged for many hours and twenty-two inches of snow has fallen An attempt to rescue snowbound miners on Handie's Peak was not successful and will not be resumed until the snow has frozen. The trail to the blockaded men is in imminent danger of snowslides.

A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadmestic use, and so has published broad-cast and openly to the whole world, a full and complete list of all the ingredients entering in the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has re-moved his medicines from among secret nostring of doubtful merits, and made them Remedies of Known Composition. By this bold step Dr. Pierce has shown that his formulas are of such excellence hat he is not alraid to subject them to

that he is not alraid to subject them to the fullest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach. pid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohel, narcotics, mineral agents or other poisonous or injurious agents and that they are made from native, medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native, medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as cesses, the "Favorite Prescription" efficient remedy for regulating all the wom-anly functions, correcting displacements, as prolapsus, anteversion and retorversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of bealth. SURPRISE FOR JUDGE TAFT

President Elect Served With Live 'Possum at Dinner.

Augusta, Ga., Jan. 23.-Another chapter has been added to the 'possum lore which is accumulating about the president elect. The story as told by Mr. Taft is that when taking dinner with Mr. and Mrs. Langdon A. Thoma's a large covered silver platter was set before him upon which he looked with considerable interest as visions of a roast flitted across his mind. The cover was suddenly lifted and looking with reproach directly into the eyes of the president elect with a very much alive 'possum, neatly tied to the platter.

The animal's teeth were exhibited and an ugly snarl was on his tongue. but it was the repreachful look which left the last impression upon Mr. Taft's mind.

FATAL FLOODS IN SOUTH AFRICA

Over One Hundred and Seventy Persons Drowned.

Johannesburg, Jan. 23 .- One hundred and seventy-three persons are known to have lost their lives as a result of the floods which are general throughout the Transvaal Colony and Northern Natal. Great damage also has been done to property, mining plants having suffered heavily and houses and railway bridges being swept away or inundated. The floods are the result of heavy rains that Swedish Baptist: Preaching at 10:45 sidered the injustice of a system by have fallen recently and all the rivers services are disorganized in all direc-

By the bursting of Knight's dam the Witwatersrand gold mine in the southwestern part of the Transvaal was flooded and ten white men and 150 natives were drowned. The water from this dam also flooded the lower section of the town of Elsburg, where a number of houses were swept away and thirteen persons perished. A gold dredger valued at \$60,000 broke adrift on the Kaap river and was wrecked.

WILL CONFER WITH TAFT PEACE MESSAGE FROM THE ORIENT

Brought by Japanese Consul in New York City.

NECESSARY TO HIS COUNTRY

Nipponese Statesman Declares That Continuation of Peace With the United States Is Essential to Japan If She Is to Realize Her Highest Aims-Confident That Agitation Will Be Suppressed.

New York, Jan. 23.—Bringing the message that Japan is confident American public sentiment will demand repression of the anti-Japanese agitation in the Far West and declaring that the continuation of peace with the United States is necessary if na with Mrs. Taft and the seven en his country is to realize its highest aims, Kokichi Midzumo, Japanese consul in this city, made the principal address at the eighth annual dinner of the Twenty-four Karat club, an organization of jewelers at Delmonicos. Consul Midzumo appeared, he said, in place of Baron Takahira, the Japanese ambassador, who was unable to at-

"We are fully confident," he said, that the Washington government, backed by the public opinion of the people of the Union, will succeed in repressing the ill-advised anti-Japanese agitation. The people of Japan, regardless of their political party, join with their government in believing that such anti-Japanese movement does not represent the true sentiment of the American people at all. "We have done all in our power to

remove even the remotest cause of difference between the two countries and have spared no effort to cement A. F. GROVES, M. D, the already close relations and friendship with the United States. It remains, therefore, for us to depend upon and trust the sense of justice and the sound sense of the people."

He declared that the ultimate aim of Japan was to develop to the full the resources of the Orient and to encourage the introduction into Asiatic countries of modern science and civilization in every branch of commerce and industry. "This can be attained," he said, "by nothing but peaceful intercourse and good relations with the United States."

SUBPOENAS ARE SET ASIDE

Court Renders Important Decision in Libel Cases.

New York, Jan. 23 .- The subpoenas calling for the appearance before the federal grand jury of J. Angus Shaw, secretary of the Press Publishing company, publishers of the World, and of William P. McLaughlin, sporting editor of the World, "to testify all and everything which you may know generally on the part of the United States," the validity of which had been questioned by the attorneys for the World, were set aside and quashed by a decision handed down by Judge Ward in the United States circuit court.

The opinion which invalidates the subpoenas in question affirms the principle enunciated in the Fifth amendment to the Constitution, which provides that no one shall be compelled in any criminal case to be a witness against himself. A subpoena duces tecum calling for the production before the federal grand jury of the bocks and receipts of the World is also set aside by the decision.

This action by the court upsets the established practice of nearly fifty years and is considered to be of very farreaching effect.

ROOT BEFORE GRAND JURY

Secretary of State Testifies in Panama Libel Case.

Washington, Jan. 23 .- "I simply brought my subpoena and conscience with me," jocularly remarked Secretary of State Elihu Root, who was one of the chief witnesses before the United States grand jury in its investigation of the alleged libel in connection with the purchase of the Panama canal. Senator Knox of Pennsylvania and Assistant Attorney General Charles W. Russell also gave testimony. All declined to throw any light on the nature of their testimony. Over One Hundred and Seventy Persons Drowned.

Johannesburg, Jan. 23 .- One hundred and seventy-three persons are known to have lost their lives as a result of the floods which are general throughout the Transvaal Colony and Northern Natal. Great damage also has been done to property, mining plants having suffered heavily and houses and railway bridges being swept away or inundated. The floods are the result of heavy rains that have fallen recently and all the rivers have been converted into roaring torrents. The railroad and telegraph services are disorganized in all direc-

By the bursting of Knight's dam the Witwatersrand gold mine in the southwestern part of the Transvaal was flooded and ten white men and 150 natives were drowned. The water from this dam also flooded the lower section of the town of Elsburg, where a number of houses were swept away and thirteen persons perished. A gold dredger valued at \$60,000 broke adrift on the Kaap river and was wrecked.

WILL CONFER WITH TAFT PEACE MESSAGE FROM THE ORIENT

Brought by Japanese Consul in New York City.

NECESSARY TO HIS COUNTRY

Nipponese Statesman Declares That Continuation of Peace With the United States Is Essential to Japan If She Is to Realize Her Highest Aims-Confident That Agitation Will Be Suppressed.

New York, Jan. 23.—Bringing the message that Japan is confident "The Masterpiece of American public sentiment will demand repression of the anti-Japanese agitation in the Far West and declaring that the continuation of peace with the United States is necessary if his country is to realize its highest aims, Kokichi Midzumo, Japanese consul in this city, made the principal address at the eighth annual dinner of the Twenty-four Karat club, an organization of jewelers at Delmonicos. Consul Midzumo appeared, he said, in place of Baron Takahira, the Japanese ambassador, who was unable to attend.

"We are fully confident," he said, "that the Washington government, backed by the public opinion of the people of the Union, will succeed in repressing the ill-advised anti-Japanese agitation. The people of Japan, regardless of their political party, join with their government in believing that such anti-Japanese movement does not represent the true sentiment of the American people at all.

"We have done all in our power to remove even the remotest cause of difference between the two countries and have spared no effort to cement the already close relations and friendship with the United States. It remains, therefore, for us to depend upon and trust the sense of justice and the sound sense of the people."

He declared that the ultimate aim of Japan was to develop to the full the resources of the Orient and to encourage the introduction into Asiatic countries of modern science and civilization in every branch of commerce and industry. "This can be attained," he said, "by nothing but peaceful intercourse and good relations with the United States."

SUBPOENAS ARE SET ASIDE

Court Renders Important Decision in Libel Cases.

New York, Jan. 23.—The subpoenas calling for the appearance before the federal grand jury of J. Angus Shaw, secretary of the Press Publishing company, publishers of the World, and of William P. McLaughlin, sporting editor of the World, "to testify all and everything which you may know generally on the part of the United States," the validity of which had been questioned by the attorneys for the World, were set aside and quashed by a decision handed down by Judge Ward in the United States circuit court.

The opinion which invalidates the subpoenas in question affirms the principle enunciated in the Fifth amendment to the Constitution, which provides that no one shall be compelled in any criminal case to be a witness against himself. A subpoena duces tecum calling for the production before the federal grand jury of the bocks and receipts of the World is also set aside by the decision.

This action by the court upsets the established practice of nearly fifty years and is considered to be of very farreaching effect.

ROOT BEFORE GRAND JURY

Secretary of State Testifies in Panama Libel Case. Washington, Jan. 23.-"I simply

brought my subpoena and conscience with me." jocularly remarked Secretary of State Elihu Root, who was one of the chief witnesses before the United States grand jury in its investigation of the alleged libel in connection with the purchase of the Panama canal. Senator Knox of Pennsylvania and Assistant Attorney General Charles W. Russell also gave testimony. All declined to throw any light on the nature of their testimony. With the exception of a 15-minute

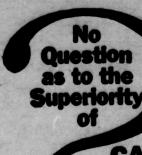

recess the grand jury was in session for about three hours.
